## ***Mission Statement***

The East San Gabriel Valley Mental Health Professionals Association Private Practice Directory is a concise list of licensed mental health professionals, edited by a clinical psychologist. Our catchment area includes Arcadia, Azusa, Baldwin Park, Claremont, Covina, Diamond Bar, Duarte, El Monte, Glendora, Hacienda Heights, Irwindale, La Puente, La Verne, Monrovia, Ontario, Pomona, Rancho Cucamonga, San Dimas, Sierra Madre, Walnut, and West Covina. For easy reference, the directory is cross-indexed by city, services provided, problems treated, second languages available, and insurance accepted.

Our mission is to advance professional development through networking and public awareness. We offer equal participation to all licensed mental health professionals regardless of discipline, reflecting real patterns of professional referral in the community. Launched in June, 2009, the directory is not a profit-making entity.

## ***Submissions***

This directory is a free community service. Submit your practice information as requested on the form provided at the back of this publication. Direct any submissions, inquiries, or corrections to and request updates of this list from the editor. There is never a cost to professionals or prospective clients to obtain a copy of this directory. The directory is updated at least twice a year; annually we confirm with all professionals the accuracy of their listings.

## ***Permission to Copy***

Permission is granted to the reader to copy and distribute this directory as long as the editor's contact information is not removed. This directory is available via mail or via download from the internet from JJDeSantis.com. As a courtesy when contacting professionals in this directory, please let them know where you learned about them.

## ***Understanding and Acceptance***

This directory is provided with the understanding that the editor is not engaged in rendering a professional service in the form of a recommendation or an endorsement. The editor does not represent or warrant that any specific therapist is appropriate for any specific individual or specific purpose. Listees are presumed to be independently licensed mental health professionals; however, credentials have not been verified.

While the editor makes every effort to ensure the accuracy of information presented, the user is cautioned that this list could include typographical errors and/or technical inaccuracies. Listings are subject to change without notification.

Internet links in the appendix are provided for the convenience of the user; no approval or endorsement is implied, and links are opened at the users risk.

Use of this directory constitutes an understanding and acceptance of these conditions. This directory is not affiliated with any other professional organization or association.

## ***History of The Directory***

In 1992, with a few colleagues in the Glendale, Burbank, Pasadena area, we founded an organization called the Glendale Area Mental Health Professionals Association (GAMHPA). This was a unique enterprise because, unlike other professional associations, membership was not limited just to one professional discipline or license. Unlike professional associations, this openness of membership reflected real patterns of professional referral in the community. As a result, membership grew to over 100 and has remained there for nearly two decades. Its flagship publication was a member resource directory, heavily cross-indexed by problems treated, services provided, second languages spoken, therapy groups offered, and insurance accepted.

So in 2009, as a result of this prior success, we began a sister publication 25 miles east of Glendale and GAMHPA, in the eastern half of the San Gabriel Valley. Sending out to 600 clinicians in the area an introductory cover letter with an invitation to submit a checklist of practice information, the response has been consistently positive.

Our intent is to circulate this directory to the community as widely as possible for purposes of effective service delivery. Mailed out in small batches periodically to those who may benefit from having it on their desk, about 500 copies have been distributed in print at no charge, and it is posted on the internet as a free download as well.

## ***Credits***

Thank you goes to David Fox, Ph.D., in Glendale, for his development of the software we use to publish the directory. And thank you goes to Larry Brooks, Ph.D., who co-founded GAMHPA, on which this new association is based.

## ***The Editor***

James J. De Santis, Ph.D., earned his doctoral degree in psychology from the California School of Professional Psychology. He has been licensed as a psychologist for twenty years. Dr. De Santis is in full-time private practice in Glendora and Glendale and works with adults, youth, and couples offering assessment and treatment services. He is a certified Imago Relationship Therapist and a Certified Group Psychotherapist.

Dr. De Santis is the current president of the Glendale Area Mental Health Professionals Association. In 2003, he began the Los Angeles Outpatient Group Therapy Directory, better known as “The Group List,” the largest resource of psychotherapy groups in Los Angeles county. In subsequent years he has added other types of directories for the region.

In 1998, Dr. De Santis published, “Start an Interdisciplinary Association: A Successful Practice Development Program For Mental Health Professionals,” an instructional manual about marketing. In 2010, he added a second book, “The Business of Practice: Building An Optimal Private Practice For Mental Health Professionals.” Jim has offered a workshop series on marketing for mental health professionals for a decade and private individual consultation on practice development.
